Homes with heritage character in the heart of Old Airport

— WELCOME

A home shaped by Doha's heritage

Dari Residences sits on the main road of Old Airport, one of Doha's most established neighbourhoods. Behind a limestone façade of pointed arches and deep-set windows are homes finished in warm timber, stone and soft neutrals — quiet, well-proportioned and minutes from everything.

Ground-floor shops and showrooms bring daily convenience to the doorstep, while the residences above offer a calm retreat from the city.
